The Buccaneer 1982

*Cinnaminson
High School
Riverton Road
Cinnaminson, N.J.
Volume 16*

You've heard the saying, "Opportunity knocks only once." Well, it's true. You have but the one chance to make your years at Cinnaminson High School the best.

CHS offers a wide variety of subjects-full term-half term-quarter term, from A for algebra to W for woodshop and all the in-betweens. Whoever said boys can't cook and girls can't fix cars? It's all here just waiting for you. Learning can be fun!

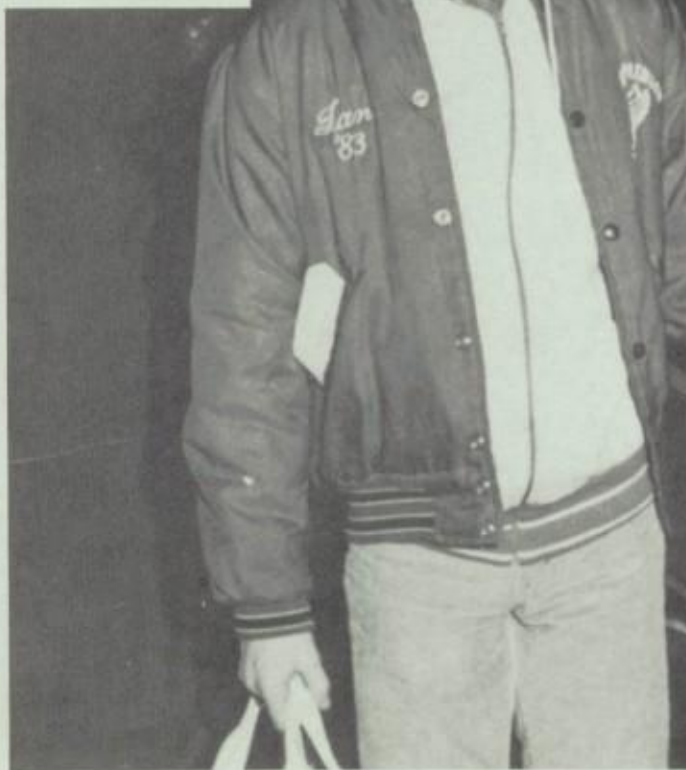

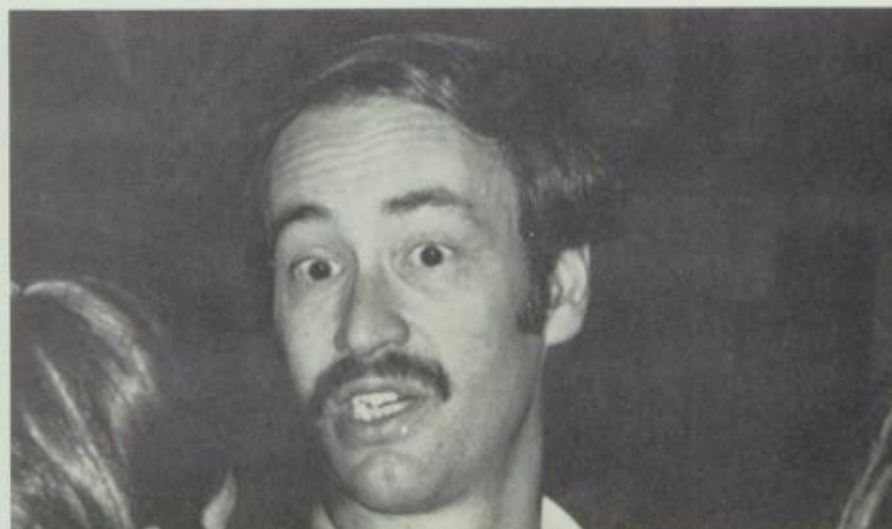

C.H.S.

Athletics, too, is where Cinnaminson High School is at. Football, Tennis, Swimming, Wrestling, and a host of other sports are offered. Winning is the best, but by losing, we go on to better ourselves. This is what is called building our character.

Activities, you say? Well, at CHS there are enough clubs and activities to interest everyone. We have choral groups, bands, drama club, debate club, language clubs, and on and on. One doesn't have to look far for something suitable. Our faculty at Cinnamonson High School is among the best. Dedicated to making fine students of us all, they continue to work year after year.

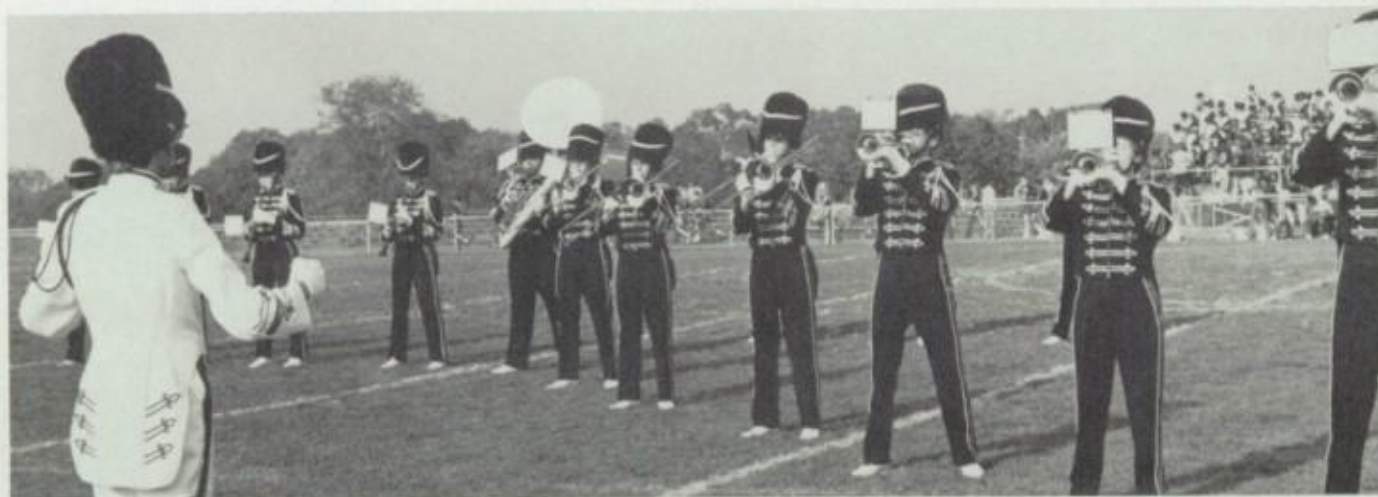

Worthy of mention is our school spirit. We have the Homecoming Day Parade, the dance afterwards, Spirit Week, competition of the floats, decorating the gym, and pep rallies, but most important is our support through the sport seasons.

What else could a student ask for in order to prepare himself for graduation? Nothing! It is all here at Cinnaminson High School. You have but to give of yourself. The years spent at CHS truly combine to make a student a whole person, well-rounded in his studies, a participant in activities and already looking to attain his goal in adulthood. They are years truly well spent.

WHERE IT'S AT

CINNAMINSON HIGH SCHOOL

Cinnaminson High School is the palce to be;
It makes learning as easy as ABC.

Seniors are the future generation,
And give the high school the biggest population.

All juniors who are really big sports,
To them is left the Senior Court.

The sophomores, leaving 10th grade behind,
Junior level is not so easy, they'll find.

"We've had a hard year," the freshmen said,
But now they're all ready to take the big step ahead.

The guidance counselors do all sorts of things;
To all of us, help they do bring.

Who keeps our school clean and makes a good(?) stew?
Our maintenance people and cafeteria crew.

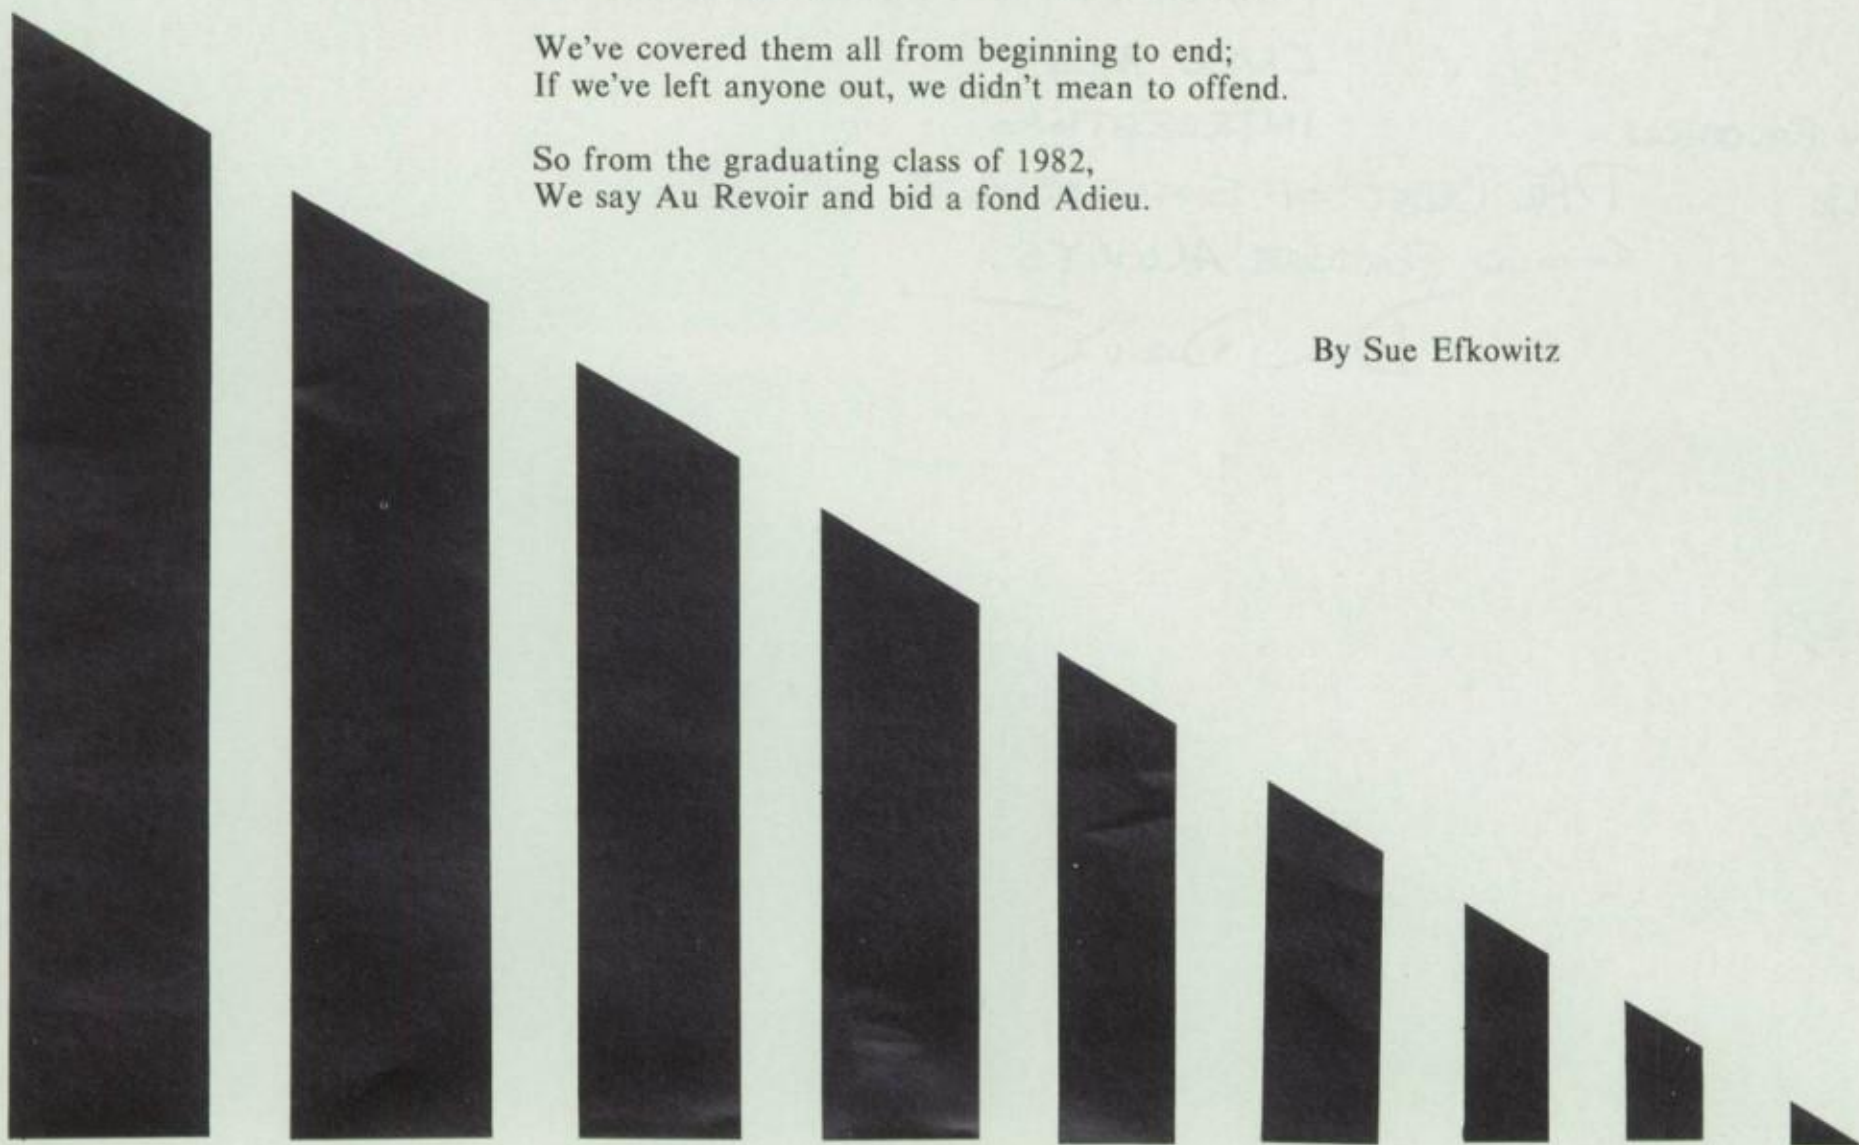

Mr. Wisor and Mr. Lucas are not any fools;
They check on the kids and rule the school.

To all the teachers who gave us good years,
We say good-bye, good luck, and shed a few tears.

We've covered them all from beginning to end;
If we've left anyone out, we didn't mean to offend.

So from the graduating class of 1982,
We say Au Revoir and bid a fond Adieu.

By Sue Efkwitz

The 1982 Buccaneer is dedicated to Coach Don Deitz for the years of guidance, dedication, and enthusiasm he has brought to Cinnaminson High School. His rousing cry of "Yes, we can!" has motivated us through victories and sustained us through losses.

Whether teaching, coaching, watching, or participating, he has given his all. As a teacher, he shows his genuine concern and care for students and other faculty members. As a coach, he has taught discipline of the mind as well as of the body. As a spectator, his enthusiasm is contagious. His cheerful "Yo gang," gets everyone going. The many hours he has spent participating in all phases of our school life are another example of his dedication.

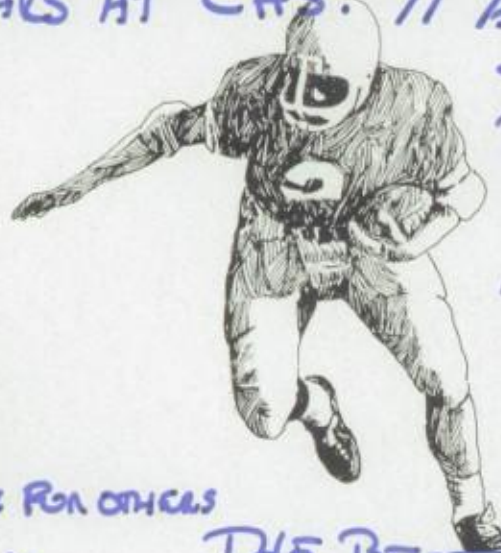

Thank you, Coach Deitz, for showing us that being able to say, "We gave it our all!" is in itself a victory. Thank you for teaching us that hard work, dedication, and enthusiasm are vital ingredients in a successful future. Thank you for being a part of Cinnaminson High School. With your help in the future, "Yes, we can, Coach Deitz!"

BEN.

CLASS OFFICERS - Steve Rubinstein, Rosie Cunneen, Amy Blau, and Lynne Veith.

In considering this past year the senior class officers did a great job. They had various ways to raise money for the senior trip to Florida. One of them was having fun skating at Holiday Skating Rink. Another was selling an assortment of cheeses and coloring books. The profit that was made by each individual was given to him or her to spend however. They also helped to solve some of the disputes concerning senior privileges. Each officer filled his position to its fullest extent. All in all the officers can be commended for a job well done.

Junior Achievement is an organization sponsored by local businesses for the purpose of encouraging an interest in the business field. Each Junior Achievement Company elects company officers and managers. They sell stock in their company to other companies as well as the employees. They themselves choose which products they will manufacture and sell. They also decide on the amount of wages and bonuses that each employee will receive. At the close of the year, the company pays the employees their wages and the stockholders their earnings. The final event on the J.A. agenda is the dinner at Cherry Hill Inn and the bestowal of awards.

Key Club

Key Club is a student service organization sponsored by Kiwanis. Since the club's beginning at Cinnaminson High School, it has fostered five of the past six Lieutenant Governors. The Key Club has worked closely with the area Kiwanis Club and helped to build a new Key Club at Palmyra High School.

Many of the club's service projects are visible throughout the school. Key Clubbers collect attendance cards, announce daily bulletins, put up announcements on the board outside, as well as aid at community functions such as a dance for retarded adults and Christmas party for crippled children. The money earned from their fundraisers is generally donated to various charities. Key Clubbers play an important role in the school and in the community.

The objectives of Key Club are: to develop initiative and leadership; to provide experience in living and working together; to serve the school and community; to develop by precept and example a more intelligent, aggressive, and serviceable citizenship; to promote the adoption and application of higher standards in scholarship, sportsmanship, and social contacts; to provide a practical means to form enduring friendships; to render unselfish service, and to build better communities.

Commended Scholars Compete For Scholarships As Math League Solves Difficult Problems

Commended Scholars are those students who have scored the highest nationally on the National Merit Scholarship Program qualifying tests. These scores make these students eligible for National Merit Scholarships during their senior year.

These six students compete with students from other county schools at the five county meets during the year. Students must be ready to solve any problem that uses typical high school mathematics, and each score is determined by the number of correct answers given by the members of the Math Team.

International Month was celebrated with gusto at CHS this year. The French, German, Russian and Spanish classes joined forces to broaden our knowledge with interesting activities. During each week of the month, a different culture was highlighted. Artifacts of that country were exhibited in the display cases. The daily announcements were made in the language of the week. The cafeteria staff joined in the spirit by serving foods to suit the culture of the week.

The Mademoiselles and Messieurs of the French class dressed in costumes of the various regions of France. The Herren and Frauleins of the German class held a yodeling contest. The Senores and Senorita of the Spanish class wore sombreros during their week. All of the countries were represented at an ethnic baking contest. The month was a cultural experience "par excellent!"

The Class Of 1984

The sophomore class began their year with President Jane Halfen, Vice-president Kris Phillips, Secretary Dawn Grahmn, and Treasurer EdaMarie Mattei ready to work with the sophomore class cabinet and advisors Mrs. Pascale and Mr. Dietz to make 1981-1982 the best school year ever. A candy sale and a very successful mug sale were held, and many activities have been planned including a sophomore class breakfast in the spring. The highlight of the year was the ordering of class rings. Only two more years until graduation, and the class of '84 is working together to make the next two years the best ever! Good luck Class of 1984!

The Class of 1985 began their first year as members of Cinnaminson High School. The election of class officers found Bill Herbert in the president's seat, Andy Blau holding the vice-president's title, Jennifer Piech as secretary, and Terri Carr managing money as treasurer. A freshmen dance was held and many fundraisers were planned. They have three more years until graduation. In the next three years they will learn many things and Cinnaminson High School will become a part of them. Good luck Class of 1985!
